

Health & Safety **Bronze Package**

SWA's **Bronze package** provides the core aspect of Health and Safety for clients. It is the most flexible and tailored package which you would expect from a professional outsourced partner: thorough, complete and comprehensive coverage for any customer.

The SWA Health & Safety **Bronze Package**:

1. Visit site and carry out a full audit. From single to multiple site audit, with a complete report detailing every aspect of the health and safety legislation which impacts upon the operations of the client.
2. Develop (or review) a full health & safety policy and procedures manual. We ensure that all policies and procedures are in place with full written documentation.

Services for additional fees

- Manage the whole package on an annual basis, providing updates as required.
- Provide guidance and assistance with risk assessment and safe systems of work.
- Provide telephone and e-mail support.
- Carry out a fire risk assessment.
- Deliver training where required (H & S, first aid, fire, manual handling etc)
- Carry out a minimum of 3 audits per year and complete a forward action plan.
- Carry out accident investigation and reporting.
- Liaise with the local authority and fire authority as required.

The fees for this package start from £1,500(+VAT) dependent upon the size and number of sites.

Contact SWA to learn more; info@stevewalkerassociates.com or call us on **0845 459 0136**.

* Time frames will vary on the above as this will depend upon the size of the business and number of employees.

The support package SWA provided us has really supported our health and safety culture throughout the company, the team has really benefitted from the extra manual handling training we undertook.
