

## Willi Betz – Team Leaders

Willi Betz, one of Europe's most respected logistics companies with over 2,800 vehicles operating in many countries, have just completed a successful Team Leaders course delivered by **SWA**'s management training team. Willi Betz UK provides the UK's car industry with a vital 24/7 logistics shuttle services to companies such as Toyota in Derby. **SWA** have been working with their logistics management team to further develop their skills in problem solving, team work and communication.

Willi Betz is one of Europe's major haulage companies, with turnover in excess of 400m Euros, with operations which extend right across the EU and beyond into former Soviet countries. The company established over 65 years ago, has developed many strong partnerships. Within the UK their shuttle delivery system is a vital link in providing the UK car industry with just in time parts, keeping costs down through a highly efficient supply system.

***"The course gave me food for thought. I now know the areas that I should concentrate on to improve my skills"***

The logistics team trained by Jayne are a vital link in that chain, organising and managing the co-ordination for their delivery fleet. **"It was a real pleasure to work with such a committed and professional team"** commented Jayne. The Team Leaders course not only delivers new skills around team leading such as problem solving and communication, but also develops a teams ability to develop shared solutions and quickly deploy them into practice.

***"We were all individuals with the same theme but now consider each other and work as a team"***

The quality which **SWA** delivers is one of the reasons why so many people chose us to improve their performance. **SWA** focuses on making real changes happen, while making courses fun, informative and motivational so delegates are able take away and put positive changes into place.

***"All sessions were exceptionally informative and many of the points raised will be in into practice"***
